SUMMARY

Full stack developer deeply passionate about software development and AI. Skilled in React, Express JS, React Native, and various JavaScript libraries. Excellent problem-solving, research, and collaboration abilities. Seeking a challenging role to develop cutting-edge web applications.

TECHNICAL SKILLS

ReactJS, React Native, NodeJS, Express JS, MongoDB, JavaScript,Stripe, Shadcn, Tailwind CSS, Redux Toolkit, Python, Java, EJS, Bootstrap, Razorpay, Typescript, Zustand, PostgreSQL, Passport JS

EXPERIENCE

Hormone Insight Pvt. Ltd   Aug 2024 – Sep 2024
Washington, USA

Developed and enhanced front-end features for Hormone Insight AI, a mobile application focused on user authentication, onboarding, and personalized insights.

Designed and implemented responsive UI components for user flows such as progress insights, action plans, and interactive user engagement features.

Optimized application performance and accessibility, ensuring a seamless user experience.

PROJECTS

ShopSync   React.js, Bootstrap, Node.js, Express.js, MongoDB, Puppeteer, Nodemailer, JWT, Razorpay

Developed a centralized platform for searching and comparing products across multiple e-commerce websites.

Implemented real-time web scraping using Puppeteer to fetch and organize product data efficiently.

Designed and built a responsive front-end using React.js and Bootstrap, enhancing user experience.

Developed an automated email notification system using Nodemailer, alerting local vendors when users searched for relevant products.

Optimized performance to reduce search response time, improving user experience.

Meta Blogs   React, Node.js, Express, MongoDB, JWT, Multer, Cloudinary, Nodemailer

Developed a full-stack blog application enabling users to create, edit, delete, and attach files to blog posts.

Implemented JWT-based authentication and authorization for secure user login, sign-up, and access control.

Designed a search functionality allowing users to find blogs by title, category, and author.

Integrated comment and like features, enhancing user engagement and interactivity.

Engineered a scalable backend with Express.js and MongoDB, optimizing API performance and database queries.

Developed a responsive UI using React.js and Tailwind CSS, ensuring a seamless user experience.

EDUCATION

RAJKIYA ENGINEERING COLLEGE, MAINPURI   Mainpuri, UP
B.S. in Computer Science and Engineering   *Nov 2022 – 2026*
